

270,000 WOMEN DIE EACH YEAR FROM A DISEASE THAT'S 100% PREVENTABLE

JANUARY 2013

**WOMEN IN CÔTE D'IVOIRE BENEFIT FROM
JHPIEGO'S WORK TO EXPAND CERVICAL
CANCER TREATMENTS**

When an HIV-positive mother in Côte d'Ivoire learns she has a large precancerous lesion on her cervix, she fears the worst. But health care providers trained by Jhpiego offer her a treatment that gives her a new lease on life.
